

Your island shopping trail.

Start wherever suits you. Browse a village, follow the coast, or make a weekend of it. Find the numbered shops and their locations on the reverse.

Village positions and route lines are approximate. This is a shopping guide, not a navigation map. Use the online directory for individual shop directions.

SHOP SMALL. MAKE A DAY OF IT.

Check shop opening hours and weekend offers before setting out.
You can explore in either direction and spread your visits over three days.
